WORK EXPERIENCE

Computers Unlimited, Billings, MT

- Programmer, Industrial Group
- Intern, Regression/Automated QA Group

May 2014 – Present
Jan 2014 – May 2014

Rocky Mountain College, Billings, MT

- Website Administrator, Student Publications Jan 2013 – May 2013 & Jan 2014 – May 2014
 - Administrated the website for the student newspaper, The Summit, through all active periods between the spring semesters of 2013 and 2014.
 - Worked with editors and writers to post news content, pictures, and articles on a regular basis; coinciding with the physical publication of the paper.
 - Maintained the website's Wordpress install, and handled feature requests for improving the user experience and website functionality.
- System Administrator, Computer Science Department Sep 2013 – May 2014
- Paid Note-Taker, Services for Academic Success Sep 2013 – Dec 2013
 - Required to take complete, detailed, well-written notes for use by students requiring additional academic assistance.
 - Responsible for submitting photocopies of all notes taken on a weekly deadline.
 - Notes taken in the Computer Science classes: CSC 351 (Algorithms) and CSC 352 (Programming Language Study I - Python).
- By-Appointment Tutor, Services for Academic Success Sep 2012 – May 2014
 - Held one-on-one appointments with students, on request, in order to best fit their schedules and tailor aid according to their individual needs.
 - Promoted the understanding of core concepts and best practices, and assisted with technical questions on syntax and semantics in programming assignments.
 - Services primarily requested by students taking freshman-level introductory courses (CSC 130/131).
- Help Desk Assistant, Academic Computing Sep 2011 – May 2013
- Website Administrator, Computer Science Department Sep 2010 – May 2011
 - Managed the Computer Science Department's website for their annual High School Programming Competitions; including a restructure of the site layout to make it easier to explore the content.
 - Archived and organized media content, including: pictures, videos, problem sets, and results from previous competitions.
 - Updated the website's WordPress installation, plugins, and themes.
